

✓ Non-slip surface

✓ Particularly robust thanks to the vinyl coating

1 | Airex 'Elite'

The new 'Elite' balance pad with additional effective stimulation of the foot receptors can be used on both sides, is non-slip, warm against the body and skin-friendly. LxWxH: approx. 50x41x6 cm.

- 71 113 0270 Blue Each
- 71 113 8506 Lava Each
- 71 113 8519 Pink Each
- 71 113 8522 Kiwi Each

2 | Airex Balance Pad

An exercise product for coordination, reaction and balance training. The 'wobble effect' forces users to continuously stabilise their body. This stimulates the receptors intensively and develops proprioceptive abilities. Made from supersoft, closed-cell special foam which is durable

and easy to clean. To increase the 'wobble effect', more pads can be placed on top of each other. Blue, LxWxH: approx. 50x41x6 cm. **71 113 0209** Each

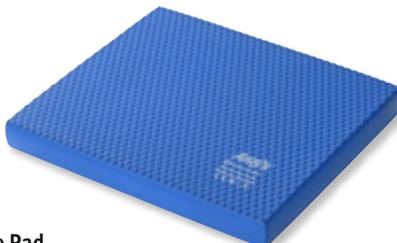

New!

3 | New! Airex 'Cloud' Balance Pad

A soft, destabilising balance pad from Airex. Ideal for physiotherapy as well as aqua, preventative and balance training among advanced users and experts. The waffle-like texture perfectly stimulates

your foot receptors and gives the balance pad its non-slip quality. LxWxH: approx. 50x41x6 cm, approx. 780 g, Ruby Red. **71 288 3306** Each

4 | Airex 'Solid' Balance Pad

For rehabilitation and fitness. High density for high levels of shock absorption. Firmer, therefore resulting in less strain.

LxWxH: 46x41x5 cm, approx. 1 kg, blue. **71 269 6300** Each

5 | Sport-Thieme 'Premium' Balance Pad

Ideal for improving coordination, reaction and balance. The 'wobble effect' forces the user to continuously stabilise themselves. This stimulates the receptors intensively and develops proprioceptive abilities. The soft special foam is easy to clean. LxWxH: approx. 50x40x6 cm.

- 71 132 0002 Blue Each
- 71 132 0060 Anthracite Each

- ✓ Includes a non-slip coating
- ✓ Easy-care
- ✓ Textured surface on both sides

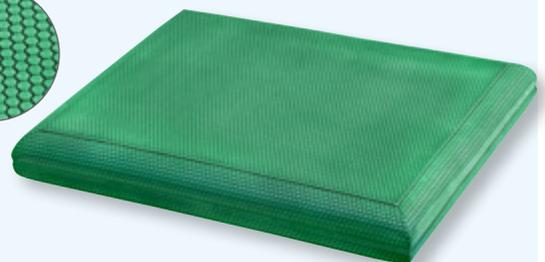

✓ Particularly robust thanks to the vinyl coating

6 | Sport-Thieme 'Vinyl' Balance Pad

Perfect for balance and coordination exercises. For strengthening foot, hip joint and knee muscles. Easy to clean, spe-

cial foam with a vinyl surface, 0.77 kg, LxWxH: approx. 50x40x6 cm, blue. **71 148 3000** Each

7 | Sport-Thieme 'Pro' Balance Pad

Wobble-effect training pad for standing, sitting and lying exercises. For coordination and balance training. Workouts improve proprioception and reactions.

✓ New, honeycomb surface texture

Strengthens joints. Made from EVA foam. LxWxH: 50x40x6.3 cm. Green. **71 282 4404** Each
