3 | Erler Zimmer 'Oscar' Skeleton for Schools

A robust, detailed model of a male adult skeleton made from durable, unbreakable plastic. The bones match those of a real human body in terms of size and weight. The limbs can be quickly and easily removed and reapplied thanks to the quick-release fasteners. With 3-part skull. Teeth produced separately. Eyelets for hanging up the skeleton and 5-wheeled stand. Approx. 178 cm, 9 kg. 3-year guarantee. **71 275 2701** Each

4 | Erler Zimmer 'Hugo' Flexible Skeleton

Model of a skeleton featuring a movable spine – great for clearly explaining and understanding movements, posture and misalignments. Sliding joints in the shoulders, hips and ankles provide realistic movement. Removable arms, legs and feet. Skull can be broken down into 3 parts. Practical 5-wheeled safety stand. 176 cm, 9.5 kg. 3-year guarantee. **71 275 2714** Each

5 | Erler Zimmer Flexible Spine with Pelvis and Stand

Lifelike casting of a human spine. Removable pelvis. Mounted onto flexible metal spiral tube. Length not including stand: 70 cm. 1.8 kg. Particularly strong plastic. **71 275 2815** Each

6 | Erler Zimmer Flexible Spine

This model of a spine features the occipital bone, the cervical, thoracic and lumbar vertebrae as well as the complete pelvis and femur stumps. It also shows the vertebral arteries, branches of the spinal nerves and a prolapsed disc. 75 cm, 2.5 kg. 3-year guarantee. **71 275 2802** Each
