Easy transportation thanks to the handy mat trolley

2 | Reivo 'Safety' Combi Gymnastics Mat Set with Trolley

Registered design. Mat trolley with 12 Reivo 'Safety' Combi gymnastics mats measuring 100x100x6 cm (Lx-WxH). 12 mats, 3 of each colour in blue, yellow, green and red. Using the Reivo joint flap, you can create an area of 12 m² or 2 single tracks of 6x1 m. Other combinations are also possible, e.g. a 200x100-cm gymnastics mat. Incl. cover for the mat trolley. Four non-marking castors, ø 10 cm, 2 of which can be locked.

71 120 6249 Set

Lightweight Combi gymnastics mat

Lightweight for easy transport

Uses:
floor exercises

Suitable for:
nurseries, primary schools

Surface:
canvas material

Base:
textured gymnastics mat material

Core:
light foam

Flaps for covering joins

3 | Reivo Multi-Use Lightweight Gymnastics Mat Complies with EN 12503-1 type 3.

The ideal mat for primary schools and nurseries. The light foam filling makes it much lighter than a standard mat (yet much firmer), therefore making it ideal for children to move around. With flaps to cover joins so that several mats can be connected. The

upper cover is made of smooth, blue, 100% polyester gymnastics mat material whilst the underside is made of non-slip gymnastics mat material (87% polychloride, 13% polyester), without carry handles.
