

Jumping from stone to stone

3 | Gonge River Stones

The ground is made of lava so you have to jump from stone to stone. Children improve their coordination, learn to judge distances and lose any fear of jumping over ditches and other objects. Non-slip with rubber edges underneath. Set with 3 large and 3 small stones in 6 colours. Supports up to 100 kg.

6-piece set

Attention! To be used under the direct supervision of an adult.

4 | Gonge Hilltops

The new challenge: to jump from peak to peak. Also a good addition to the river stones. Set consists of 5 hilltops in 3 heights (8.5 cm, 17 cm, 25.5 cm). Supports up to 100 kg. Suitable for children from 2 years of age and for adults.

5-piece set

Attention! To be used under the direct supervision of an adult.

The new spring stone:

- Soft and flexible base section
- Solid peak

5 | Gonge Hidden Spring Stone

A real challenge for little acrobats: amongst the 4 rigid river stones there is 1 flexible spring stone. Concealed steel springs inside give the stone its dynamism. If kids step onto the stone, their body has to work against the springy movements to maintain their balance. Set includes 5 stones (all 10 cm high). River stones can support up to 100 kg. Spring stone can support up to 50 kg.
